Steering Committee Report

11/15/23

No major issues or concerns. We are currently going to Fort Behavioral 2x month and continue to have a steady flow of volunteers. I have updated the general guidelines document to reflect these changes for the volunteers. The document was also updated to reflect additional DOs and DON'Ts as a result of concerns brought to my attention. The document has been reviewed with many of the volunteers in-person and has been given to the volunteers digitally.

While I have enjoyed my time as the H and I/Treatment Chair, I ask that my position be posted when the new elections occur. The volunteers and those I have worked with on the Steering Committee have greatly contributed to my sobriety as well as the sobriety of many others. I have appreciated this opportunity greatly. I will work directly with the newly elected Chair to support him/her in any way that is needed/wanted.

Respectfully,

Sara Kline

- 1) Did a CPC presentation for the Behavioral Health class at TCU Thursday October 26. Kate B, Chris B, Taylor S and Charlie H went with me. Once again this was well received by the students. In the first class there was a student that broke her own anonymity in front of her entire class incase their was anyone who needed help.
- 2) Tentatively have a CPC presentation at UNT Health Science Center in February.

Presented in service,

Kim Shearer
